## Webinar Focus

### Introduction

In the modernistic world, the technology rapidly advances owing to the Research contribution in various aspects. Research is a study regarding a particular problem applying by scientific techniques. It is a systematic study to describe, predict, explain and control the required phenomena. When you advance to the point in your education where you will take on a major research project or a thesis project, you will need to know how to write a research proposal. A research proposal's aims are statements that broadly point out what you hope to accomplish and your desired outcomes from the research. Research aims focus on long-term intended outcomes or your aspirations in reference to the research. They're typically not numbered in a research proposal. You will also be required to write a research proposal when you work in a research-oriented career. Creative writing of research proposals and articles is an upcoming process and that is made harder by various challenges. The webinar is also utilized among youth for create interest, individual potentials, skills and capability. Strong research proposals include only a few aims with multiple supporting objectives.

***OBJECTIVES***

## Objectives

Objectives lay out how you plan to accomplish your aims. While aims are broad in nature, objectives are focused and practical. They tend to pinpoint your research's more immediate effects. Additionally, the objectives include an outline of practical steps and tasks that you will take in the process of finding the outcomes and impact of your defined aims. Objectives are typically numbered, so each one stands alone. Each objective must have a concrete method defined. If you're having trouble developing concrete objectives and methods, writing out a research timeline before defining your objectives may help. Both aims and objectives should be brief and concise. They must be interrelated. Each aim should have one or more objectives describing how that aim should be met. Aims and objectives should both be realistic goals and methods with respect to what resources you have available and the scope of research. Don't choose something too broad, for instance, or that would take much more research time than you have. Aims and objectives also let your advisers know how you intend to approach a given subject and how you plan to get when you're writing your aims and objectives, don't make them too broad or vague. Aims are more general by definition than more focused objectives. However, in that broad scope, the aims shouldn't be over-optimistic or unrealistic about what you want to achieve. They shouldn't repeat each other or be simple lists of items related to your research. Stay away from focusing content on your research site or job. Stick to the specific objectives of your actual research study. Check that your objectives contain methods that can sustain what you hope to find. If they don't match, rethink the methods and objectives of your research. **ABOUT  
VICECHANCELLOR**

**Prof. M. Jagannadha Rao**  
**Vice Chancellor**  
**Adikavi Nannaya University**

## About Prof. Mokka Jagannadha Rao, Vice Chancellor

I would like to share professional journey and achievements of our Prof. Mokka Jagannadha Rao who is a Vice Chancellor of Adikavi Nannaya University Rajamahendravaram.

He is known for his dynamic personality and his vision is to make this University as an Internationalised choice for education, research, training and consultancy.

### ✚ **Coming to his Educational Background:**

He has pursued his Ph D in Coastal Geology, Andhra University, A.P. in the year 1985 and he also holds his Masters in Mineral Preparation & Geological Engineering from the University of Alaska, USA in the year 1995.

### ✚ **His Core Specialisation areas include:**

Coastal Geology, Deltas, Mineral Resources and Processing, Petroleum Exploration, Coal, Environmental Geology, Computer, Applications Groundwater, Remote Sensing and GIS, Natural materials, Earth's Evolution.

### ✚ **Coming to his Administrative Positions in Andhra University, Visakhapatnam, AP:**

- Since 2018-till date, he is a director of Information Management Centre.
- Since 2019 – till date, he heads the Department of Geology and also a Dean for PG & Professional Examinations.
- Apart from that, he is also a Chairman, Board of Studies, Dept. of Geosciences, Ambedkar University, Srikakulam, AP, since 2012-till date.

### ✚ **Patent:**

Title: An Inventive Model that explains the Genesis of Bay of Bengal and Arabian Sea, with the funding of NRDC, Government of India, New Delhi.

### ✚ **Research Outcome:**

- He was awarded 29 PhD's and 08 were ongoing.
- He has guided 80 projects for MSc/Mtech
- 08 Research and consultancy projects
- His Publications include 76 journals, of which 30 were presented in National and International Seminars.

### ✚ **Funded Projects: As A Principal Investigator**

DOD, APMDC-DMRTUF, DST, UGC, MoES, ISRO

- He handled Major Consultancy Projects funded by ONGC.
- He conducted various National Seminars, Workshops and training Programs.
- 170 Google scholar citations with-hindex 8 and i10-index 3
- He has international collaborative tiles with Australia, USA.

### ✚ **Honours and appointments**

- Member, Advisory Board on KG-PG Basin, ONGC, Chennai-2011-2014.
- Associate Editor, Indian Journal of Environment and Eco planning.
- Member, International Geological Correlation Group, National Working Group, Environmental Catastrophes.
- Member, NAAC Steering Committee.
- Management Board Member of a Number of Educational Institutions of AP and

Telangana.

- “Scientist of the year 2017”, by National Environmental Science Academy (NESA), New Delhi.
- “Dr. Sarvepalle Radha Krishnan Award, Best Academician of the year 2019”, by Andhra University.
- Member, Expert Committee appointed by APPCB, Govt. of AP.

 **International Visits**

- He has visited the International Universities such as University of Alaska, Fairbanks, USA. and Washington State University, Pullman, Seattle, USA.

**ABOUT  
REGISTRAR**

**Prof. B. Ganga Rao**  
**Registrar**  
**Adikavi Nannaya University**

## About Prof. B. Ganga Rao, Registrar

### ✚ Educational Qualifications

- Post Graduation 1988 - **M.Pharmacy, Andhra University**
- Under Graduation 1986 - **B.Pharmacy, Andhra University**

### ✚ Doctoral Details:

- Received PhD for work on Hepatoprotective, Anti-inflammatory and Phytochemical Examination of Some Folklore Medicinal Plants under Prof R V Krishna Rao( R088 Andhra University )Awarded on 06-09-1997 .
- Received PhD for work on Anti-inflammatory and Phytochemical studies of a Kenyan Traditional Medicinal Plant, Commiphora kua under Prof I R Zeitlin( USG27 University of Strathclyde )Awarded on 09-11-2001 .
- Received PDF for work on Anti-inflammatory and Phytochemical studies of a Kenyan Traditional Medicinal Plants under Dr. Myrna A Deseo( SCUA36 Southern Cross University )Awarded on 12-12-2007 .

### ✚ Scholarships, Honors & Awards

#### ➤ Awards

- A.P. STATE BEST TEACHER AWARD by APSCHE , 2012.
- FIP TRAVEL AWARD by FIP , 2012.
- ENDEAVOUR RESEARCH AWARD by Lismore, Australia , 2007.
- UGC TRAVEL AWARD by UGC , 2003.
- DST TRAVEL AWARD by DST , 2000.
- BEST POSTER AWARD by Celsus Inflammation Group , Glasgow Royal Infirmary, UK , 1999.

#### ✚ Scholarship

- NATIONAL OVERSEAS SCHOLARSHIP by Ministry of Social Justice & Empowerment, Government of India , 2001.
- SENIOR RESEARCH FELLOWSHIP by University Grants Commission , 1989.
- JUNIOR RESEARCH FELLOWSHIP by University Grants Commission , 1986.

#### ✚ Professional Experience

- Lecturer , SCS College of Pharmacy, Gulbarga University from 01-10-1988 to 30-06-1990.
- Associate Professor , Andhra University from 01-03-1994 to 31-03-2002.
- Professor , Andhra University from 01-04-2002 to Till date.

#### ✚ Administrative Experience

- Ex-Member , Academic Senate of Andhra University from 01-07-2002 to 31-05-2005.
- Ex-Member , Executive Council of Andhra University from 01-11-2005 to 30-04-2010.
- Chairman , Board of Studies in Pharmaceutical Sciences, Andhra University from 01-01-2011 to 28-02-2014.
- Principal , AU College of Pharmaceutical Sciences, Andhra University from 01-07-2013 to Till date.

#### ✚ Academic Guidance:

- PG Projects-54

- PhD-Thesis-30
  - He has published more than 85 research articles in peer reviewed international journals.
  - He presented his papers in 33 conferences.

✚ **Conducted:**

- International Conference "19th Annual Convention and 2nd International Conference of Indian Society of Pharmacognosy" Convenor at A.U. College of Pharmaceutical Sciences, Andhra University, Visakhapatnam .

✚ **Book Published:**

- Wrote Pharmacological Activities of Andrographis Serpyllifolia Book type : ISBN Number : 13:978-3-8465-5000-7 in 2012.
- Wrote Anti-inflammatory and phytochemical studies of a Kenyan traditional medicinal plant, Commiphora kua Book type : ISBN Number : 0000 0001 3451 4155 in 2001.

✚ **Research Projects:**

- Bioassay Directed Isolation And Purification of Anti-Inflammatory And Anti-Rheumatic Molecules From Reputed Ayurvedic And Folklore Plant Medicines Used In Arthritis And Development of The Formulations, Funding Agency : UGC, Starting Date : 01/07/2005, Ending Date : 01/12/2008.
- Investigation of Anti-inflammatory and Anti-rheumatic Molecules from Some Traditional Plant Medicines with an Emphasis of Search for Selective Cyclo-oxygenase-II Inhibitors and Development of Formulations, Funding Agency : AICTE RPS , Starting Date : 02/08/2006, Ending Date : 31/07/2009.
- Utilization of Weed flora of Medicinal value in some important cropping systems of Andhra Pradesh, Funding Agency : ICAR/NAIP World Bank funded Research Project , Starting Date : 02/01/2009, Ending Date : 30/06/2012.

✚ **Additional Info:**

- Conducted coaching classes for GPAT/ gate entrance examinations.
- Conducted coaching classes for IAS, IPS, Groups and Civil services examinations.

**ABOUT  
PRINCIPAL**

**Dr. K. Ramanswari**  
**Principal, UCST**  
**Adikavi Nannaya University**

### *About Dr. K. Ramaeswari, Principal*

Dr. K. Ramaneswari assumed the office of the Principal on 23-01-2019. She joined the University on 10-05-2007 and is currently working as a Associate Professor of Zoology.

- ✚ She has 14 years of teaching and 18 years of tremendous research experience including post-doctoral studies.
- ✚ Her responsibilities at the University include the development and revision of Curriculum by serving as a member on Board of Studies of various affiliated colleges of the University at the Graduate level and for Post Graduate level in the University.
- ✚ As a member of Academic Council, has been responsible for introduction of New courses required to fulfil the local needs of the region and also the industry sector of the Nation at large.
- ✚ She has been nominated on various administrative positions especially as Member Executive Council of The University and Member of Governing bodies of the affiliated colleges of The University, Head Depts. of Zoology, Aquaculture, Biotechnology and Biochemistry, Additional Director of Admissions and Chief Warden Womens' Hostel, besides also working as Member on different committees of the University.
- ✚ By serving as an Advisor of the Placement, Training and Research Guidance Centre, provides on campus and off campus placements and also involved in outreach programs to the community especially through ALEAP, Govt of India.
- ✚ Her contributions till date have been recognized and State Government has bestowed the Best Teacher Award -2018.

***ABOUT  
RESOURCE PERSON-1***

**Dr. D. Pamu**  
**Department of Physics**  
**Indian Institute of Technology Guwahati**  
**Guwahati-781039**

### About Dr. D. Pamu

- Dr. D. Pamu, Associate Professor, Department of Physics & Centre for nanotechnology, Indian Institute of Technology Guwahati.
- He has pursued PhD in University of Hyderabad in 2008 and Dr D S Kothari’s Postdoctoral fellow in School of Physics, University of Hyderabad.

#### Special Achievements:

- He achieved Young Scientist Research Award from Board of Research in Nuclear Sciences (BRNS), DAE, 2010.
- He achieved Young Scientist Research Award from Science and Engineering Research Board in Physical Sciences(DST-SERB), 2012
- He was Awarded Dr.Kothari’s Postdoctoral Fellowship Scheme funded by UGC-India.
- He achieved Special Gold Medal in M.Sc. Physics.
- The ZST MIC substrates prepared by him are qualified for space applications and are approved by Indian Space Research Organization (ISRO).
- He had Selected for Junior Research Fellow (JRF) for two years, and then as Senior Research Fellow (SRF) in Indian Space Research Organization (ISRO) Project.
- He had Selected for Senior Research Fellow (SRF) sponsored by National Fusion Programme, India.
- He had Qualified Graduate Aptitude Test for Engineering (GATE-2002).

#### Ph D Guidance:

- He was awarded 06 PhD’s and 09 were ongoing.

#### Sponsored Projects: 08

#### Sponsored agencies:

- DST, DAE BRNS, DRDO, BRFST, IITG, Startup Grant Scheme.
- He has published more than **110** research articles in peer reviewed international journals.
- He presented his papers in 78 conferences.

***ABOUT  
RESOURCE PERSON-2***

**Dr. A. Alexander**  
**Assistant Professor of Physics**  
**St. Joseph's College, Tiruchy**

- Dr. A. Alexandar received his PhD from Bharathidasan University, Tiruchy, Tamilnadu. During Ph.D he worked as Junior Research Fellowship (JRF), Senior Research Fellowship (SRF) in UGC project for 5 years.
- He has done most of his research work in National Physical Laboratory, New Delhi.
- After PhD he worked as Assistant Professor of Physics in Anugraha College, Dindigul, Tamilnadu for two years.
- He is a Managing Editor of Asian Journal of Physics (An International peer reviewed Journal) from June 2017 onwards.
- Presently, He is working as Assistant Professor, Department of Physics, St. Joseph’s College, Tiruchy-2, Tamilnadu, India.
- He has published more than 10 research articles in peer reviewed international journals and Two Patents are Under Process
- He presented his paper in Young scientist conference in IISF-Kolkata during 5-7<sup>th</sup> Nov 2019.
- He received Best Report Writer award in DST SERC School in September 2015.
- He received Best Student Case Award in Sheppard during my M.Sc Physics at St. Joseph’s College, Tiruchirappalli, Tamilnadu in 2013.
- He has given invited talks in conferences/ workshops of various institutions.
- He has attended many Skill Development Training Programs and Workshops.
- He presented his research works in various international /nations seminars and conferences.
- He has huge experience in handling various research instruments like Vickers Micro harness tester and so on.

 **He is a life member of**

1. Life member of Indian spectroscopic society
2. Life Member of Indian Association for Crystal Growth.
3. Life Member of American Association of Physics Teachers.
4. Life Member of Luminescence Society of Karnataka.
5. Former Secretary of Arul Anandar Science Club, AAC, Karumathur
6. Convener of Anugraha science club for two years.

 **He has organized**

- [1] TNSCST sponsored Two Days National Workshop on “Intellectual Property Rights and Research Proposal Writing” on 27-28th July 2018 at Anugraha College, Dindigul.
- [2] National Workshop on “Opportunities and Avenues for Mathematical Students in India and Abroad “in January 2018 at Anugraha College, Dindigul.
- [3] National level “Science Exhibition” on the theme of “Science in our daily life”. On 28th February 2018 in Anugraha College, Dindigul.

***BRIEF REPORT***

## Brief report

The Department of Physics, University College of Science & Technology, Adikavi Nannaya University, Rajamahendravaram organised National Webinar on “Creative Writing of Research Proposals & Articles” on 04<sup>th</sup> May 2020. This prestigious Webinar was inaugurated on 4<sup>th</sup> May 2020 at 04:00 pm by Hon’ble Vice Chancellor **Prof. Mokka Jagannadha Rao**, Adikavi Nannaya University. Opening Remarks has given by the Convenor, **Dr. S. Rajyalakshmi**, Assistant Professor, Department of physics, University College of Science & Tchnology, AKNU. The Principal, **Dr. K. Ramaneswari**, UCST, AKNU has introduced the Chief Patron, **Prof. Mokka Jagannadha Rao**. Hon’ble Vice Chancellor Prof. Mokka Jagannadha Rao, has given his inaugural address to the gathering. The First Technical session was started with an informative talk by **Dr. D. Pamu** on “Creative Writing of Research Proposal” and introduction of **Dr. D. Pamu** has given by **Mr. Y. sushma Priya**, Course Co-ordinator, Assistant Profssor, Department of physics, UCST, AKNU. The second technical session was presented on “Creative Writing of Research Articles”, by **Dr. A. Alexander** before that introduction of **Dr. A. Alexander** has given by **Mr. N. S. Subba Rao**, Assistant Professor, Department of physics, UCST, AKNU. In these two sessions, queries were given by participants in Chat box and the resource persons answered at their end of the session. Concluding remarks was presented by the Principal. **Dr. K. Ramaneswari** and finally Vote of Thanks has given by **Mr. V. Rajasekhar**, Assistant Profssor, Department of physics, UCST, AKNU, Rajamahendravaram.

The Webinar received an overwhelming response from the faculty and the young research scientists across the country. It gives immense pleasure to share that the Department has received one thousand eighty eight (**1088**) valuable responses and feedback from various Institutions/Universities of the Country.

*INAGURAL ADDRESS*

## *Inuagural address by Hon'ble Vice Chancellor*

### *Prof. Mokka Jagannadha Rao*

Research begins by asking the right questions and choosing an appropriate method to investigate the problem. After collecting answers to your questions, you can analyse the findings or observations to draw appropriate conclusions. Research is a careful consideration of study regarding a particular concern or problem using scientific methods.

#### *Research is conducted with a purpose to understand:*

What do organizations or businesses really want to find out?

- What are the processes that need to be followed to chase the idea?
- What are the arguments that need to be built around a concept?
- What is the evidence that will be required for people to believe in the idea or concept?

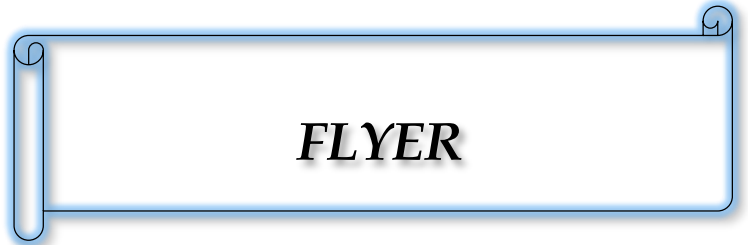

Now a days it is very difficult to perform the research without funding. To overcome the difficulties we have various Research Funding Agencies, some of them are listed below:

#### *Various Research Funding Agencies:*

1. Department of Science and Technology (DST)  
DST offers various funding schemes like
  - a. Woman Scientist scheme (WOS-A)
  - b. Woman Scientist scheme (WOS-B)
  - c. Cognitive Science Research Initiative
  - d. Nano Mission.
2. Department of Biotechnology (DBT)
3. UGC Faculty Research Promotion Scheme (UGC-FRPS)
4. Science and Engineering Research Board (SERB)
5. Board of Research and Nuclear Science (BRNS)
6. Department of Atomic Energy (DAE)
7. Council of Scientific and Industrial Research (CSIR)
8. Indian National Science Academy (INSA)
9. All India Council for Technical Education (AICTE)
10. Indian Space Research Organisation (ISRO)
11. Indian Council of Social Science Research (ICSSR) etc.,

But how to benefit from the funding agencies. For that you should apply research proposal. So, a key part of your application is your research proposal. A good research paper addresses a specific research question whether you are applying for a self-funded or studentship for that you should follow some guidelines.

Today we have two speakers Dr. D. Pamu, Associate Professor, IIT Guwahati and Dr. A. Alexander, Assistant Professor, St. Joseph's College, Trichy, Tamilnadu are going to deliver on “Creative writing of Research Proposals and articles”.

### ABOUT THE WEBINAR

As technology rapidly advances it is important that educators and technologists not only make resources available, but that they also coordinate efforts to insure cognitive development of students in combination with these resources. When you advance to the point in your education where you will take on a major research project or a thesis project, you will need to know how to write a research proposal. A research proposal will provide your instructor with your research topic and your research plan so he or she will know precisely what you are doing and how you plan to accomplish your task. You will also be required to write a research proposal when you work in a research-oriented career. It is common to have to write research proposals to acquire funding for various research projects. Creative writing of research proposals and articles is a grueling process and that is made harder by various challenges. The webinar is also useful among youth for empowering their unique potentials, skills, and capacities.

## Abstract

A research proposal is a concise and coherent summary of a particular proposed research. It is an important part of the application process. Before diving into a research project, we often have to write research proposals. Even experts need to prove that their research is important and valuable. Research proposals are required when applying for grant money from different organizations, so we need to make a good argument that proves our project deserves to be funded. Sometimes there is fierce competition for limited funds. Even a good research project (because, let's be honest, some are bad) needs a good research proposal to help it be completed. Few Research Schemes are Available.

- ✓ Human Resource Development Group Council of Scientific & Industrial Research (HRDG - CSIR Schemes)
- ✓ University Grants Commission (UGC Schemes)
- ✓ Department of Science & Technology (DST Schemes)
- ✓ Ministry of Electronics & Information Technology (MeitY Schemes)
- ✓ Indian Space Research Organization (ISRO Research Grants)
- ✓ Board of Research in Nuclear Sciences (BRNS Schemes)
- ✓ Department of Biotechnology (DBT Schemes)
- ✓ Department of Electronic Energy (DAE Schemes)

**Key Words:** HRDG – CSIR, DAE, BRNS, DBT, DST

## Full Paper

The Research Schemes are available to perform innovative research. Some of the schemes are presented. They are The Human Resource Development Group Council of Scientific & Industrial Research (HRDG - CSIR Schemes), University Grants Commission (UGC Schemes), Department of Science & Technology (DST Schemes), Ministry of Electronics & Information Technology (MeitY Schemes), Indian Space Research Organization (ISRO Research Grants), Board of Research in Nuclear Sciences (BRNS Schemes), Department of Biotechnology (DBT Schemes) and Department of Electronic Energy (DAE Schemes).

### DAE Schemes:

- DAE - Raja Ramanna Fellowship (RRF)
- Homi Bhabha Chair
- DAE-Scientific Research Council (DAE-SRC) Award

### DRDO Schemes:

- DRDO scheme is instituted to nurture and harness the research talents available in the country for national defence and security.
- Under this scheme, grants are offered to Indian academic institutions of national importance/repute, national science and technology centres, research institutions, non-profit professional societies performing advance research, acclaimed scientists attached to approved research institutions, UGC/AICTE/MHRD recognized self financing/private institutions, herein after referred as, for the purpose of performing extramural research and activities in areas of interest to DRDO.

GOVERNMENT OF INDIA

Department of Space, Indian Space Research Organisation

### ISRO Research Grants:

- The institutions proposing a project for support are expected to commit the use of the existing infrastructure available with them.
- ISRO provides financial grants to support fellowship, materials, consumables, internal travel, testing charges, data etc.
- The fund for purchase of only essential minor equipment's which are not available in the institution and would be useful for future projects will also be provided.

So as to perform an innovative research the above schemes would be helpful.

## Abstract

A **research article** is a primary source that is, it reports the methods and results of an original study performed by the authors. A brief introduction will often include a review of the existing literature on the topic studied, and explain the rationale of the author's study. Here this session includes, How to write attractive articles? Which is a good article? Types of Articles, Main Sections, General Considerations, Front Matter, Research Manuscript Sections, Back Matter, Author Contributions, Conflicts of Interest, Supplementary Materials, Editorial procedure.

**Key Words:** Source, Editorial, Front Matter, Literature.

## Full Paper

### **Types of articles**

#### **Articles:**

- The journal considers all original research manuscripts if the work reports scientifically sound experiments with new information.
- Authors should not unnecessarily divide their work into several related manuscripts.
- Short *Communications* of preliminary, but significant results will be considered.
- Quality and impact of the study will be considered during peer review.

#### **Reviews:**

These provide concise and precise updates on the latest progress made in a given area of research.

**Research Manuscripts** should comprise

- **Front matter:**

**Title, Author list, Affiliations, Abstract, Keywords**

- **Research manuscript sections:**

**Introduction, Materials and Methods, Results, Discussion, Conclusions (optional).**

- **Back matter:**
- **Supplementary Materials,**
- **Acknowledgments,**
- **Author Contributions,**
- **Conflicts of Interest,**
- **References**

### **General Considerations**

- **Review manuscripts** should comprise the [front matter](#), **literature review sections** and the [back matter](#).

*The template file can also be used to prepare the front and back matter of your review manuscript. It is not necessary to follow the remaining structure.*

- **Graphical abstract:** *Authors are encouraged to provide a graphical abstract as a self-explanatory image to appear alongside with the text abstract.*
- *Figures should be a high quality image in any common image format.*
- **Abbreviations** *should be defined in parentheses the first time they appear in the abstract, main text, and in figure or table captions and used consistently thereafter.*

**SI Units** *should be used*

### **Author List and Affiliations**

- Authors' full first and last names must be provided.
- The initials of middle names can be added.
- The standard format is used for affiliations:

*“complete address information including city, zip code, state/province, and country”.*

- **At least one author** should be designated as corresponding author, and his or her email address and other details should be included.
- Link the mail id in Orcid, Scopus, Google scholar, science direct etc.
- Use the same mail id for all publications
- Try to have collaboration with Research scientist

### **Abstract**

- The abstract should be a total of about 200 words maximum.
- The abstract should be a single paragraph and should follow the style of structured abstracts, but without headings:

1) **Background:** Place the question addressed in a broad context and highlight the purpose of the study;

2) **Methods:** Describe briefly the main methods used.

3) **Results:** Summarize the article's main findings;

4) **Conclusion:** Indicate the main conclusions or interpretations.

- The abstract should be an objective representation of the article
- It must not contain results which are not presented

### **Keywords**

- 3 to 7 keywords may be added after abstract.

- The keywords are specific to the article, yet reasonably common within the subject discipline.
- **Research Manuscript Sections**

### **Introduction**

#### **(Important section of an article)**

- The introduction highlights why the “Title” is important.
- It should define the purpose of the work and its significance,
- The current state of the research field should be reviewed carefully and publications cited.
- Briefly mention the main aim of the work and highlight the main conclusions.

### **Materials and Methods**

- New methods and protocols should be described in detail while well-established methods can be *briefly described* and appropriately *cited*.
- Give the *name and version of any software* used and make clear whether computer code used is available.
- Allow others to replicate and build on published results.

### **Characterization Techniques**

- List of studies
- Instrumentation details
- Measurement details

### **Results & Discussion**

- **Results:** Provide a concise and precise description of the experimental results, their interpretation as well as the experimental conclusions that can be drawn.
- **Discussion:** Authors should discuss the results and how they can be interpreted in perspective of previous studies and of the working hypotheses.
- The findings and their implications should be discussed in the broadest context possible and limitations of the work highlighted.
- *Future research directions may also be mentioned.*
- Focus on applications of materials
- Always have comparison of results
- Positive comparison is appreciated

### **Conclusions & Patents**

- **Conclusions:**

This section can be added to the manuscript at the end.

- **Patents:**

This section is not mandatory, but may be added if there are patents resulting from the work reported in this manuscript.

### **Supplementary Materials**

- Describe any supplementary material published online alongside the manuscript (figure, tables, video, spreadsheets, etc.).
- Please indicate the name and title of each element as follows
- Figure S1: title,
- Table S1: title, etc.

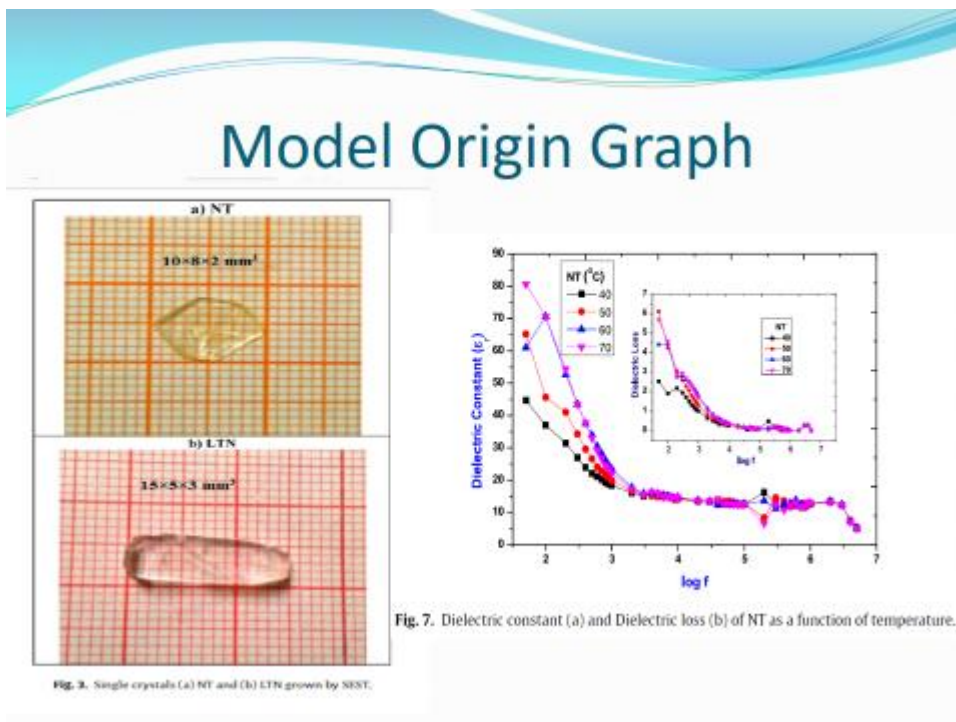

### **Acknowledgments**

- All sources of funding of the study should be disclosed.
- Clearly indicate grants that you have received in support of your research work and if you received funds to cover publication costs.
- Note that some funders will not refund article processing charges (APC) if the funder and grant number are not clearly and correctly identified in the paper.
- Funding information can be entered separately into the submission system by the authors during submission of their manuscript.
- Such funding information, if available, will be deposited to [FundRef](#) if the manuscript is finally published.

### **Author Contributions**

- Each author is expected to have made substantial contributions to the *conception or design of the work*; or the analysis, or interpretation of data; or the creation of new software used in the work;
- For research articles with several authors, a short paragraph specifying their individual contributions must be provided.
- The following statements may be used “
- Authorship contribution statement
- **N. Kana:** *Validation, Visualization, Writing - original draft,*
- *Writing - review & editing.*

### Production and Publication

Once accepted, the manuscript will undergo professional copy-editing, English editing, proofreading by the authors, final corrections, pagination, and, publication

### Reducing plagiarism and grammar check

- Use Word spinner websites
- Use Grammarly

So as to write an innovative research article the above information would be helpful.
